

Álgebra de Lie $\mathfrak{g}$

Espacio vectorial

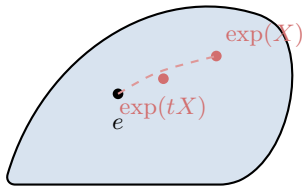

$\exp$

$\log$

Grupo de Lie G

Variedad diferenciable

Propiedades:

- $\exp(0) = e$ (identidad)
- $\exp((s+t)X) = \exp(sX) \cdot \exp(tX)$
- $\left. \frac{d}{dt} \right|_{t=0} \exp(tX) = X$
